

For Professional Use Only

ABSOLUTE
CONCRETE PRODUCTS

LA-500 (Part B)

Absolute Concrete Products

MADE IN USA

Directions

Mix with a concrete mixer: 1 5-gallon bucket Overlay Stampable (Part A), 3-4 gallons LA-500 (Part B), and 100 lbs. aggregate to achieve the desired slump. If applied in high temperatures, additional LA-500 (Part B) may be necessary.

WARNING

Wear NIOSH/OSHA approved dust mask for silica bearing sands.

Handle with gloves. Use eye protection. Control dust in the environment with ventilation.

If eye irritation occurs, flush with water. Do not rub eyes. See a doctor if any problem persists.
